Flight Time TV, the hospitality provider of live flight information,

- is for Hotels, Resorts and Convention Centers all over the world
- utilizes the media already present at your location; your Guest Room TV network or Digital Signage Message Boards
- broadcasts live the departures and/or arrivals of your neighboring Airports
- can deliver the feed in video format, HTML and RSS feed
- receives its updates over the internet
- receives its information from the FAA and the individual Airports
- shows the national and international flights
- can service Hotels from all over the world with the local airport information
- is in most cases cheaper per month than the average room rate per night

Other important notes:

- the video feed needs FTTV hardware with RF modulator to plug into your guest TV Network
- the HTML and RSS feed easily integrate into your digital signage systems
- pricing is per airport per month
- licenses can be obtained for the minimum period of a year
- amortising of the hardware in the monthly payments only with 2 and 3 year contracts
